# Serving our clients

## How we can help

We understand the trends shaping our clients' agendas and we make sure we invest in developing and enhancing our capabilities to provide the high-quality services they need to operate with confidence.

### Sustainability services

ESG is high on the agenda, both for Forvis Mazars and our clients, and we are enhancing our sustainability capabilities to provide ESG audits and advisory services. Our dedicated sustainability services team has the expertise to help clients however far along their sustainability journey they are.

### Global compliance

As companies grapple with an ever-evolving array of rules and regulations, our global compliance service is on hand to help businesses ensure good governance by meeting their specific obligations.

### Data governance & security

With digitisation and technology evolving at a fast pace, managing data and protecting systems is top on the agenda. Forvis Mazars' technology & digital consulting services help businesses navigate complexity, accelerate their digitalisation and manage risks.

# Investing in what matters

## Our clients

As a leading international audit, tax and advisory firm, we help our clients grow confidently and responsibly. Operating as a united and integrated partnership, we work as one team to deliver exceptional and tailored services in audit, accounting, tax, financial advisory, consulting and legal counsel. We serve clients in a variety of industries, with a deep understanding of industry-specific environments, issues, and trends.

### Large international and listed companies

- We act fast to deliver consistent and agile audit, tax, and advisory services worldwide. With 40,000+ professionals, we have the experience and skills to best serve organisations of all sizes, both locally and globally, now and into the future.

### Privately owned businesses

- We work with over 50,000 privately owned businesses worldwide. Whether they're looking to ensure compliance with local laws and regulations, get funding and acquisition advice, grow internationally, digitalise their business or manage tax implications of exit planning, we are here to help.

### Public and not-for-profit organisations

- The expectations and pressure on those delivering public services is intense. Our experts help public and social industry organisations build trust, effectiveness and transform sustainably through tailored advice and practical solutions that improve service delivery for the benefit of society at large.

### Private individuals

- We understand the goals and concerns of private owners and shareholders. Forvis Mazars advisors act as a sounding board, answering the sensitive questions our clients have, making the complex simple, providing the information needed to make decisions.
