■ Forvis Mazars

How we can help Serving our clients

Today's challenges put a severe strain on traditional business models. Companies need to rethink their strategies, products and business models to stay relevant in this fast-evolving market. As one of the leading tax, audit and advisory companies, Forvis Mazars can help you successfully turn these challenges into new opportunities to build long-term success.

How we can help Serving our clients

Our clients' long-term sustainable development and growth is our top priority. We provide a comprehensive and flexible range of services to organisations of all sizes.

Audit & assurance: We perform and deliver our audits with independence and rigour. We aim to provide transparency and confidence.

Consulting: We help leaders across the business – from top management through to finance, risk, IT and HR – to achieve alignment and deliver peak performance through collaboration, thoughtful advice and up-to-date technical and digital expertise.

Financial advisory: Our experts provide technical support and advice to help organisations successfully face the financial opportunities, challenges and defining moments that shape their future and drive their value.

Legal: Providing business-focused advice, we help our clients reach their potential. We work closely with businesses to support their day-to-day legal requirements and offer expert legal advice and assistance.

Outsourcing: Our outsourcing teams help organisations improve performance, secure compliance processes, manage costs and provide a high level of flexibility in resourcing and skills.

Sustainability: We help companies place sustainability at the centre of their business, from designing and embedding strategies to reporting and assurance.

Tax: We build transparent, integrated and tax-efficient solutions to help businesses better navigate increasingly complex local and global tax landscapes.

Innovating in critical services

We understand the trends shaping our clients' agendas and we make sure we invest in developing and enhancing our capabilities to provide the high-quality services they need to operate with confidence.

Sustainability services

ESG is high on the agenda, both for Forvis Mazars and our clients, and we are enhancing our sustainability capabilities to provide ESG audits and advisory services. Our dedicated sustainability services team has the expertise to help clients however far along their sustainability journey they are.

Sustainability services

Global compliance

As companies grapple with an ever-evolving array of rules and regulations, our global compliance service is on hand to help businesses ensure good governance by meeting their specific obligations.

Global compliance

Data governance & security

With digitisation and technology evolving at a fast pace, managing data and protecting systems is top on the agenda. Forvis Mazars' technology & digital consulting services help businesses navigate complexity, accelerate their digitalisation and manage risks.

Tech & digital consulting

How we can help

Client testimonials

Caritas is a multidisciplinary, mutual assistance, charitable organisation with headquarters in Lucerne. Its main strategic goal is “to fight poverty with strong partnerships”. Today, Caritas is active in Switzerland and more than 20 countries in Africa, Asia, Latin America, the Middle East and Europe.

Caritas was Forvis Mazars in Uganda’s first client, receiving accounting and outsourcing services. Conor Walsh, Country Director of Caritas Schweiz Uganda described the experience as unprecedented, noting that outsourcing services like these did not exist elsewhere in the Caritas network.

Despite the novelty, the partnership was highly successful. Forvis Mazars provided professional, competent, reliable, and accurate support, which allowed Caritas to focus on implementing projects in northern Uganda and beyond.

Additionally, Forvis Mazars has played a key role in mentoring and empowering Caritas staff, helping them gradually take over the management of their finances.

By assisting with systems development and navigating complex regulatory requirements, Forvis Mazars stepped in at a critical time when Caritas could not manage these aspects independently.

Walsh expressed deep gratitude for the support, highlighting the positive impact of this collaboration and looking forward to continuing to work with Forvis Mazars on other service lines.

Conor Walsh,
Country Director
Caritas Schweiz Uganda

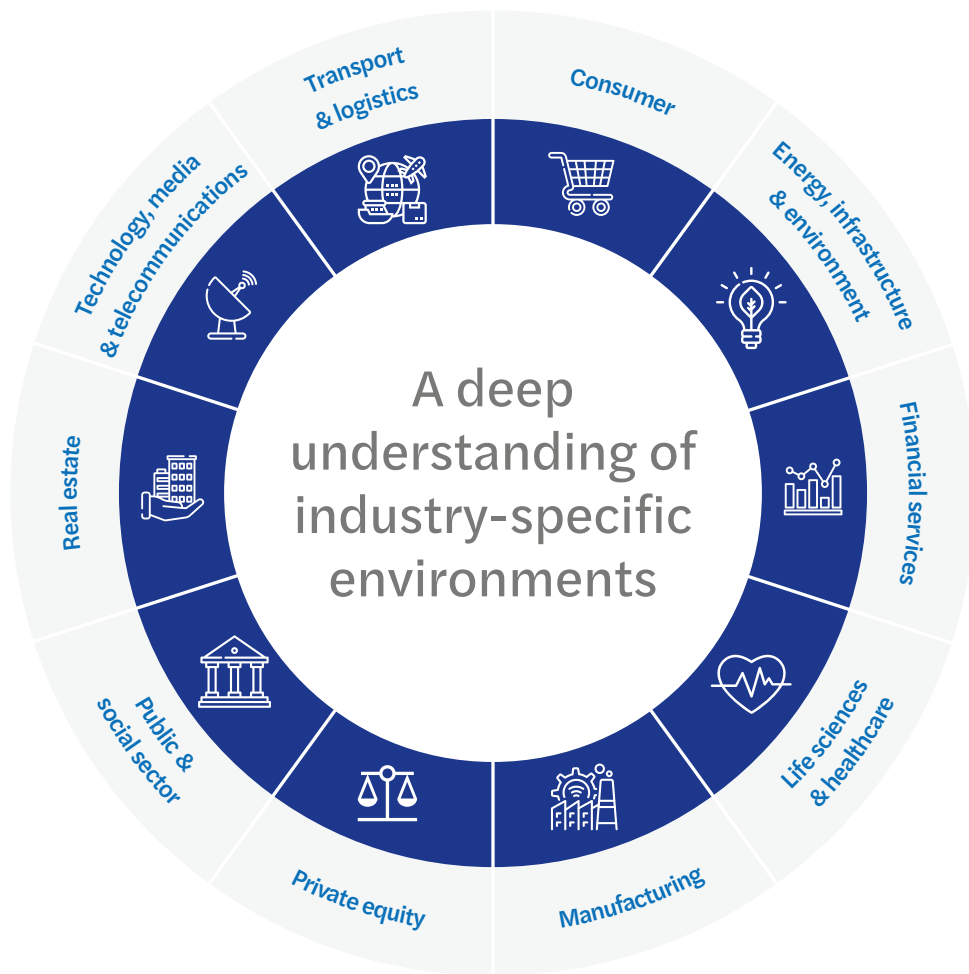

How we can help

Serving our clients

A deep understanding of industry-specific environments, issues and trends is critical to the delivery of relevant services to our clients. We place strong emphasis on developing our industry expertise, through the establishment of international industry communities that bring together experts from around the globe.

These communities bring together our experts from all corners of the globe who combine deep knowledge of specific industries and understanding of local contexts and cultures with international perspective.

Investing in what matters

Our clients

Driving digital transformation across our firm and services

Digitalisation and technology remain critical areas of investment for Forvis Mazars. By embracing the latest innovations, we enhance efficiencies and collaboration, improve service delivery and quality for our clients, and strengthen data security across all areas of our operations.

Global audit platform

Our global audit platform, Atlas, is built to deliver seamless, integrated audits across all countries, with the capacity to serve large international clients across industries. Equipped with advanced data analytics, Atlas offers valuable insights into our clients' businesses, enabling precise risk assessment and improved efficiency. This unified platform ensures a consistent, high-quality audit experience for clients around the world.

Fostering innovation through a global network

Forvis Mazars boasts a community of over 250 innovation ambassadors across 60 countries. Supported by a central innovation team and 10 innovation hubs worldwide, including hubs in Nigeria, France, Italy, Germany, Slovakia, Spain, the Netherlands, and Hungary, this network is dedicated to identifying cutting-edge solutions and streamlining delivery across our business.

Collaboration

Our online client platform, Signals, further enhances collaboration with our clients and across service lines. Unique and specially developed by Forvis Mazars' teams, it provides an efficient work environment where all documents are accessible and all tasks can be carried out online. Signals is well regarded by our clients as a user-friendly digital platform, and complies with the highest quality and security standards.

Quality & compliance

Our profession is built on quality, integrity and objectivity: these are also values that sit at the heart of Forvis Mazars, driving our relentless focus on technical excellence and quality management.

Codes of conduct

Our values guide us to do what is right. Our global code of conduct serves as a moral compass for our daily activities. In addition, we have developed a code of conduct for objectivity and independence (CCOI) which complies with the Code of International Ethics Standards Board for Accountants. These codes of conducts are integral parts of all member firms' professional training programmes.

Quality management

We continually invest in our quality management systems and processes to design and implement the new International Standards for Quality Management and to embed quality in everything we do.

Independence

Our Group Independence and Acceptance Committee is responsible for oversight of independence and acceptance for the business worldwide. We invest in IT solutions such as WeCheck, our global tool designed for conflict management to protect our independence across our international teams.

Quality management & compliance

Investing in what matters

Our clients

A broad range of services for a broad range of clients

As a leading international audit, tax and advisory firm, we help our clients grow confidently and responsibly. Operating as a united and integrated team, to deliver exceptional and tailored services in audit, accounting, tax, financial advisory, consulting and legal counsel. We serve clients in a variety of industries, with a deep understanding of industry-specific environments, issues, and trends.

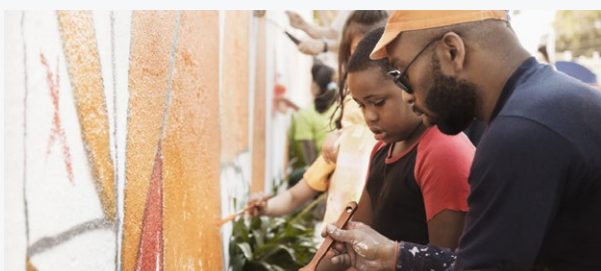

Large international and listed companies

We act fast to deliver consistent and agile audit, tax, and advisory services worldwide. With 40,000+ professionals, we have the experience and skills to best serve organisations of all sizes, both locally and globally, now and into the future.

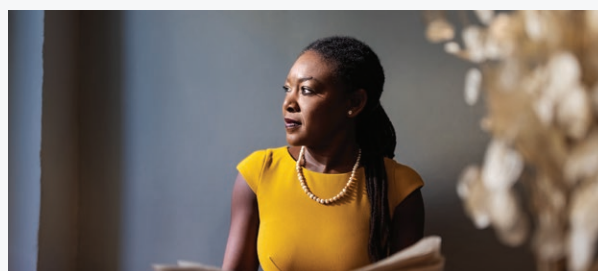

Privately owned businesses

We work with over 50,000 privately owned businesses worldwide. Whether they're looking to ensure compliance with local laws and regulations, get funding and acquisition advice, grow internationally, digitalise their business or manage tax implications of exit planning, we are here to help.

Public and not-for-profit organisations

The expectations and pressure on those delivering public services is intense. Our experts help public and social industry organisations build trust, effectiveness and transform sustainably through tailored advice and practical solutions that improve service delivery for the benefit of society at large.

Private individuals

We understand the goals and concerns of private owners and shareholders. Forvis Mazars advisors act as a sounding board, answering the sensitive questions our clients have, making the complex simple, providing the information needed to make decisions.

Our services

Our industry expertise

Investing in what matters

Corporate sustainability

Living up to our core values, we have put sustainability at the heart of our business. As part of our commitment to creating value for all our stakeholders, we have built a robust strategy to drive positive change for our people, our clients, the environment and local communities. This strategy is focused on five key pillars:

Upholding our values of integrity and responsibility

Guided by our code of conduct and the foundational values of our firm, we recognise our role in serving the public interest. As an authentic, responsible firm, we rely on our values to deliver quality services to our clients while also creating a positive impact on our people, the planet and society at large.

Putting people at the heart of our development

We strive to support the growth and development of our people by offering them lifelong learning opportunities, reinforcing their potential and designing careers that fit their aspirations. We focus on developing technical and leadership skills whilst fostering a more inclusive and diverse workplace that is fit for the future, where people have a sense of belonging and can make meaningful contributions by being themselves. Our people strategy therefore focuses on three key areas: empowering our people to grow and lead, diversity, equity and inclusion, and learning and culture.

Contributing to local communities

Community engagement and impact encompasses our work to improve social and economic conditions in the communities where we operate. We believe in using our skills and expertise to solve social challenges through a hands-on approach. As a knowledge-intensive firm, we leverage education as a vehicle to make a tangible difference in people's lives, empowering them through the necessary skills and knowledge to access a better future.

Reducing our environmental impact

As our world faces an existential crisis due to rising global temperatures, every individual and entity has a role to play, including Forvis Mazars. We will continue to work to preserve the environment and fight climate change by taking robust actions to reduce our carbon footprint in line with climate science and the goal of a net zero future.

Supporting clients on their sustainability journey

We have grown a full suite of sustainability capabilities, covering environmental, social and governance assurance and advisory services, to support organisations on their journey to sustainability. Our dedicated sustainability team has the expertise to help clients contribute to a stronger and more sustainable economy for tomorrow.

We are proud to publish our annual sustainability report, providing transparency on our progress and reaffirming our commitment to help build the foundations of a fair and prosperous world.
