

ACCOUNTING OUTSOURCING

Mazars Accounting and Financial Support Services

Whatever your need is, Mazars has a corresponding solution to support your business situation.

Setting up?

Mazars Chartered Accounting Advisory Services

- Feasibility studies
- Support in preparing the business plan
- Negotiations with banks
- A structured approach when setting up your business
- Definition of the best accounting structure to achieve reporting goals
- Control of administration and implementation of procedures.

Regular track of the business activities needed?

Mazars Consolidation and Reporting

- Reporting, the preparation of financial reports for the company management
- Restatement of statutory accounts under the reporting standards of the parent company (IFRS, US GAAP, etc.)
- Consolidation.

Searching for efficient accounting administration and deadline compliance?

Mazars Outsourcing

- Processing double-entry accounting, with the use of Mazars' or the clients' accounting software (we are capable of using all types of accounting SW, also including ERP systems, e.g. SAP)
- Regular supervision over the accounting
- Annual accounts drawn-up
- Annual legal secretary duties performed

Looking for specific solutions for your business processes?

Mazars BPO

- Outsourcing of several or all company processes (suppliers, customers...) on a local level
- Outsourcing of several or all company processes (suppliers, customers...) on an international level or locally in coordination with other Mazars offices around the world

Mazars General administration

- Delegation of administrative staff (short term and long term)
- Incoming mail processing with redirection to the addressee

The Mazars Community, the new way for answering to your questions...

ACCOUNTING OUTSOURCING

Flexible Assistance: Accompanying Your Development

Thinking about an expansion on an international level? Are you an international company locating into the Slovak Republic? Or are you expanding your company's reach out of the Slovak Republic?

Whatever your situation is, you are looking for a partner able to follow up different stages of your setting up and supporting your core business with outsourcing of the accounting and tax functions.

Mazars Accounting Outsourcing Solutions

Mazars is one of the main professional services providing firm in the Slovak Republic having a strong focus on international companies and proven track of references.

With Mazars, you are supported by a comprehensive outsourcing service package specifically designed to suit your needs. Our solutions are modular and scalable to better adjust to your needs and the different stages of your development.

We have developed efficient tools and processes to upload data from your in-house and banks systems: we are able to export all ledgers and consequently automatize your reporting process. We can therefore focus our job on controls and added value services

Main benefits

Thanks to Mazars Accounting Outsourcing solutions, your company can focus mostly on the core business issues as you will benefit from:

- justified costs and increased efficiency of your accounting department;
- maintaining the control over the accounting function empowered by reliability and security;
- added-value your in-house function can't deliver: transferred know-how, best practices benchmark of your industry, operational expertise.
